

SCB at a Glance

Siam Commercial Bank (SCB) was founded on January 30, 1906, by the Royal Charter to serve as the first indigenous bank in Thailand for over 115 years. As one of the leading universal banking groups in Thailand, SCB provides a wide array of financial products and services to meet the needs of diverse customers. True to its role as a universal bank, the Bank has a significant presence throughout the country and stands ready to serve every customer segment with its vast portfolio of financial products and services offerings. In addition, the Bank's subsidiaries serve a dual role of financial specialists to meet specific customer needs as well as channels for new growth opportunities.

Major SCB Financial Group Companies

A major restructuring is underway for the SCB Financial Group. The group will transition to a new structure where SCB^x will be the head of the group and the Bank will become a subsidiary along with other existing subsidiaries. Some of these subsidiaries will spin-off from the Bank with the new entities owned directly by SCB^x. These subsidiaries will venture into businesses with relatively distinct growth, return and risk profiles from the Bank, such as various forms of personal loans (e.g. title loan, luxury car hire purchase, credit card), unsecured personal loans, as well as moving into new territories of technology solution and digital platform businesses.

SCB^x's vision is to be 'the Most Admired Financial Technology Group in ASEAN' with a target of 200 million customers throughout Thailand and ASEAN.
